Students Collect Money To Restore Redwood Plaque

Members of Jack Ballengers eighth grade class at Campbell Grammar School collected more than \$60 toward their project of restoring the plaque on the Theodore Roosevelt Tree by Monday.

The students had set \$60 as the amount necessary for the plaque. Installation is to be done by the Campbell Junior Chamber of Commerce.

Geretta Randall, Mark Matovich, Patrick Costello and Kathleen Ookie headed up the project and were assisted by four teams of two members each working for five days.

No inscription has as yet been decided upon but students hope to have it as near the original one as possible.

CAMDEN HIGH IS SCHOOL NAME

Camden High School will be the name of the new branch high school of Campbell Union High School which is to be built in the Cambrian Park area, following ground breaking ceremonies within the next ten days. This was announced Monday noon at the office of Laurence J. Hill, district superintendent.

Hill said the name is short and may be easily used in school songs and yells. It is to be located on Camden avenue, the same as Campbell High School is on Campbell avenue. Construction is expected to get under way in August and classes from freshman and sophomores will open for the Spring term in 1955.

The school costs will come from the \$250,000 bond issue recently voted in the district. It is to take care of maximum school needs with a minimum of supervision, Hill said.

Grange Approves City Park Plans

Orchard City Grange, No. 133 of Campbell met last Tuesday at I. O. O. F. Hall to hear committee reports from the various chairmen.

Grange Master A. J. Emery called for a report from Richard Morrill, chairman of the ham dinner, who reported the success of that event. A motion was made that funds from that event go into the building fund.

Mark Purmort reported on the damage done to the trees along the railroad on Winchester Rd. when the grass is burned off, an action which the grange will continue to protest.

Chairman of the Grange Community Service Committee reported that the city is making plans for acquiring land for a park area, an action the Grange wished taken some five months ago and approved.

Herbert Shadle spoke briefly about the Credit Union and John Gordon, District Deputy, spoke about the Grange airplane tour and on rules and laws of the Grange.

Emery reminded the Grange of the cooperation of The Campbell Press on publicity and the Grange voted to send a letter of thanks to the Press.

Bessie Merrill, home economics chairman, announced an all day quilting party to be held Friday at the home of Mrs. Bertha Dodson, 320 San Jose-Los Gatos Road.

Grange members honored Mother's Day at the meeting and Robert Wurfer Sr. gave a talk on women's influence in the Grange.

A program in keeping with the theme of Mother's Day was presented by Mark Purmort, Fred Bentley, Tommy Lad* and Mrs. Fred Bentley.

Refreshments were served by the men chairmaned by Richard Morrill. Morrill was assisted by Reed Morrill, Harry Barnes, Herb Shadle and Joe Brown.

Kwanzan Tree Planting Gets Nod

Major Street Project Launched In Campbell

The city council may have set a precedent Monday evening in granting permission to Carl Anderson to remove two sidewalk buckling trees from along the parking strip of his property at 47 North Central avenue with a condition that the sidewalk be repaired and the tree be replaced with Kwanzan flowering cherry trees, designated as the approved border tree for Campbell. Council indicated the work should be done within sixty days.

In long range planning, the council also allocated \$500 for plans to provide for major street paving to four lanes on Hamilton avenue, Winchester Road and Campbell avenue, including storm sewers, parking strips, curbs, gutters and sidewalks. The Campbell avenue widening would be west from Winchester Road and east from the railroad crossing, and according to Mayor Richard Morton may take to 15 years to accomplish. The project further calls for an analysis of the status of available moneys, and a survey on sources for future moneys. Councilman Gordon Daum said it was a forward looking plan and councilmen John Chargin, Charles Rose and James Arends were in accord.

Council also approved the agreement with the state for the free-way interchange under Hamilton avenue and the overpass at Campbell avenue, authorizing signing the papers. The work will be started within five years and the city is committed to starting Hamilton avenue widening to four lanes by the time the state project here is begun.

Because of advantages for annexation of contiguous areas on the east side of Central avenue from Hamilton avenue along with lands owned by Lewis E. Smith on the opposite side of Central avenue, the council instructed the city attorney to prepare annexation proceedings in keeping with the petition signed by 100 per cent of property owners in the proposed annexation area.

Ordinance 51 to permit duplexes in a Hamilton Square area was adopted, and ordinance 52 was introduced.

With consent of the council, Mayor Morton appointed John Kahle, an attorney residing at 108 Memory Lane, to the Planning Commission, succeeding John Chargin who was elected to the council.

City Attorney Joseph Bonacina was instructed to prepare an ordinance regulating discharge of firearms in the city limits. Another ordinance calls for licensing bicycles as an aid to the police in recovering stolen vehicles. The initial fee of \$1 per license would not have to be renewed unless the vehicle is sold.

Councilman Rose is to be official representative June 13 through 15 at a seminar in the University of Santa Clara. All the council are attending the League of California cities convention at Santa Barbara on June 13 and 14.

Mayor Morton proclaimed May 15th as Armed Forces Day. A report from the Planning Commission on the availability of recreation facilities in Campbell was accepted by the council.

Councilmen Daum, Chargin and Rose are to attend officially the next meeting of the inter-city council when the matter of a county-wide garbage disposal plan will be up for discussion.

Council will engage an auditor for the first annual report on condition of the city books. City treasurer Ed Merrill reported \$51,263.63 in the general fund as of April 30.

The meeting was adjourned to next Monday when a hearing is scheduled for the Warning property annexation on the westerly limits of Campbell to San Tomas Aquina Creek.

Funeral services will be held at nine o'clock tomorrow morning at the Rutherford Funeral Home for Theodore Kim Seward, infant son of Mr. and Mrs. Harry D. Seward of 14551 New Jersey Avenue, Los Gatos.

State Studies Need For Blinker Lights Union Ave. Crossing

Action on the hazardous intersection of Union Ave. and San Jose-Los Gatos Road was promised in a letter made public today by Assemblyman Bruce Allen, addressed to him from George T. McCoy, State Highway Engineer. McCoy stated that his department will make an investigation of the intersection in the near future.

On request of a group of local citizens, Allen wrote McCoy about the dangers of the intersection, the high accident rate due to the highway curve and amount of traffic, and stressed the need for a blinker signal and crosswalk. George Kemp was a spokesman for the local group.

Parker and Union Schools can take care of expected enrollment of the kindergarten level but school officials would like parent to have children registered before June 15. Children five years of age or older before December 1, 1954 are eligible.

This will enable the three teachers who are to have the Kindergarten classes in the 1954-55 term to contact parents before the opening of school.

Registration for children living in Cambrian Park, Mablum Gardens, Kings Acres, Mirassou Park, Wilkinson Tract and Union Gardens should be made at the Parker school office while others should register at the Union School.

City Park Plan Proposed

Shopping Center Plans Pass First Of Hearings

Plans for the proposed shopping center in Campbell at Hamilton avenue and the Los Gatos-San Jose highway passed the hearing before the Campbell Planning Commission last Thursday and will be before the commission for second hearing at the May 20 meeting.

Proponents of the project told the commission they would have concrete plans ready at the next meeting.

A very comprehensive report on the recreation facilities, presently available, those projected and those needed was filed by Commissioners James Tomlinson and T.

R. Solari. The most needed facility for the future, the report brought out, was for people with no children and for young people who have outgrown those facilities at the schools. This, the report declared might be a city park to include lawns, walks, flowers, trees, benches and rest rooms with some play areas. It was deemed practical to purchase a park site while land is available at a moderate price.

The commission set June 3 on the application to re-zone two lots in unit two of Hamilton Square from duplex to multiple family classification.

ADVISORY COUNCIL SEEKS PASSAGE \$950,000 CAMPBELL SCHOOL BONDS

Approval of the \$950,000 bond issue and plans to lift the tax rate ceiling to \$1.80 will be sought by members of the Citizens Advisory Council for the Campbell Union School District according to action taken Monday evening when more than forty district representatives met and named Tom Mansfield, campaign chairman.

Zone chairman in each school area within the district will include Mrs. Martha Barstow, Moorpark School; Mrs. Zelma Blyther, Cypress School; Don Gilbert, Rosemary School; Cmdr. Allard Russell, Cherry Lane School; Mrs. Anne Ueltzen, San Tomas School; Philip Goodere, Quito School, Robert Towne, Hamilton School, and Francis L. Wilson, Campbell Elementary School.

Voters will go to the polls June 24 at Campbell, San Tomas, and

Moorpark Schools to vote upon the twin proposals which are designed to aid in solving the school district's pressing financial needs.

Trustees voted to seek the bonds and higher tax rate after amounts had been recommended by the citizens' group.

Bonds sought would return the district to its bonded capacity necessary to maintain eligibility for State funds, and also make available district funds to meet skyrocketing enrollment housing problems. The higher tax rate would return the district's operational budget to a sound condition and permit continued maintenance of high educational standards which are threatened by having to spread funds thinly to cover more children. Present district enrollment of about 4100 now is expected to hit 7000 by 1955.

WELCOME CAMDEN HIGH SCHOOL

A new school will rise soon on Camden avenue to take its place in a growing community and it will bear the name of Camden High School. It is to be a part of the two and a half million dollar bond issue recently voted by the people of the Campbell Union High School district.

Ground breaking ceremonies are to begin within a fortnight.

This school, like many others in fast-growing suburban areas of California, has been made possible by the Allen bill, and is the foresight of our own representative in the State Assembly, Bruce Allen. A deliberate attempt has been made subsequently to annex this school area to San Jose even though it will remain in the Campbell Union High School district. And the very same people advocating such annexation are the ones who bitterly oppose the re-election of Assemblyman Bruce Allen.

Why is this? It is because Allen has refused to take program from these selfish interests? Is it because he refused to be coerced into voting as Mr. Big told him to vote in the legislature? Is it because Allen feels that the little fellow has an equal right to live in a free world and to vote as he feels and as his conscience dictates? Is it because Mr. Big's man hissed into Allen's ear from the side of the mouth that he Bruce Allen, was "through" because right there on the legislative floor, Allen voted contrary to Mr. Big's program.

Indeed, Camden High school, as it is to be known, is the bulwark of sound legislation. We give the little fellow a hearty salute for standing on his own feet and refusing to be coerced.

MUSIC FESTIVAL IN CAMPBELL

Some 1300 or more school children from all parts of Santa Clara County will be arriving in Campbell early Saturday morning to tune up their fiddles, horns and oboes for the start of an all-day music festival.

Thirty-five musical groups will follow the schedule announced in the Campbell Press in the issue of April 22. It will be a musical marathon at the school with but fifteen minutes between each organization on stage.

Richard Gordon of Campbell Union High School is to be festival chairman.

On with the bands! Let their music swell the breeze!

STRENGTHEN THE LINE

Harold Powers, who is lieutenant-governor of the state of California, has called on Congress to strengthen the California Mexican borderline against the flood of illicit narcotics and the infiltration of subversives bent on wrecking our national security. It is not easy to learn the extent of law violations on the border, but there must be a lot of it going on. Somehow, some determined effort must be made to block the leakage of narcotics across the border.

Powers points out that we have but thirty agents of the federal customs services along the border, yet there are five million pedestrians and two and a half million cars averaging three passengers in each crossing the border annually. The availability of narcotics to California youth is a matter of concern to every parent and there is nothing so pathetic as to see a good home cursed by a juvenile addict in the family. Prevention is the best cure for this evil.

DIEN BIEN PHU

For fifty seven days the fortress held. Then 12,000 men at Dien Bien Phu could no longer hold off the advancing hordes that eventually won out by overrunning them with sheer weight of numbers. But their stand at this outpost in Indo-China will be marked in history as one of the greatest of these times. It was a magnificent demonstration of courage by men fighting for the right to remain free. If the loss of Dien Bien Phu serves to awaken the Western Nations to the dangers inherent in the Indo-China situation and spurs more unity of action, that loss will have its rewards.

RIGHT OR WRONG?

We are very confused about a matter of basic right or wrong. The recent conviction by court martial of a young member of our armed forces for allegedly giving aid and comfort to the enemy while being held a prisoner by men who do not recognize our standards of treatment does not seem right. The young man did not want to go to Korea. We, represented by the armed services, sent him there. He did not want to be captured—and tried his best not to be made a prisoner. It does not seem right that any man should be held liable for his actions while under unnatural stresses and strains imposed by conditions over which he had no control.

It looks like this matter will occur again and again. We feel that some definite legislation should be enacted to protect our young men who are being held prisoner by a cruel and unprincipled enemy.

Public Parks Should Be Open To The Public

When is a public park not a public park?

This question has arisen about the Coe Memorial Park. The 12-500-acre ranch located east of Morgan Hill was donated to the county by Mrs. Sada Coe Robinson, daughter of the late Henry Coe to be used by the people as a park.

Since the Board of Supervisors have taken over the ranch and have called it the Coe Memorial Park, they have leased out the grazing rights on the property.

Saturday, May 1, several boys from Morgan Hill were going through the property to fish. A rider came up and ran the youngsters off the Coe property. The rider told the boys that the place had been leased and they could not be there.

Now, does the persons who leased the property for grazing have the right to govern and say who can come on the property and who can not? If the persons owning the lease has this right, then the Board of Supervisors has lost the governing control over the property and broken a trust when they promised the Coe heirs that it would be used as a park.

In some of the meetings of the Board of Supervisors, it was agreed that fishing would be permitted in the Coe Memorial Park but no hunting would be allowed.

If the Board of Supervisors are using the property as a park and allowing fishing they why weren't the boys allowed to fish? Maybe it isn't a public park but a park for cows only—Morgan Hill Times.

PROCLAMATION

WHEREAS, the red crepe paper poppy carries a message of Tribute and Remembrance, and

WHEREAS, our citizens can pay no greater tribute to the thousands of men who laid down their lives, and to the thousands who have been disabled, than to wear over their hearts a poppy for remembrance,

NOW THEREFORE, I, Richard W. Morton, as Mayor of the City of Campbell and with the unanimous support of the City Council do hereby proclaim the days of May 28th and May 29th Memorial Poppy Days for the City of Campbell.

SIGNED by my hand and official seal this 10th day of May, 1954.

The Campbell Gambol

SEEMS CERTAIN That the plaque will be restored to the redwood tree planted in 1903 by President Teddy Roosevelt on the southeast corner of Winchester Road and Campbell avenue, but the problem now is how to get water to the roots so as to keep the tree alive . . . some of the old settlers say the tree has stopped growing and seems none too healthy because of paving for some 100 feet all around it preventing proper breathing . . . but be that as it may, the day that Teddy rode horseback down Campbell avenue wearing a stove pipe hat with a body guard of six men also on horseback, was a memorable date in Campbell because a platform had been built on Central avenue and was draped with flags and bunting with a waiting crowd as Teddy rode by with Principal Smith of the Campbell High School and Benjamin Campbell, founder of the town, so that the seedling could be planted and as we understand it some of the crowd followed along to watch the ceremony which, when over, ended Teddy's stay here as he and his party mounted their steeds and took off north on Winchester toward Santa Clara, avoiding the speaker stand on Central avenue and the program of the day . . . later the faux pas was discovered and a letter of apology received by the committee chairman . . . Al Smith, ag teacher of Campbell High School is a grandson of the man who was principal of the school when Teddy was here.

CAMPBELL High School does not get its name from Camden, New Jersey as might be supposed, but Camden avenue is a derivation of Campbell and Almaden, when a railroad ran out Camden avenue to a quarry and to the quicksilver mines, the quarry supplying the yellow stone from which the walls of Stanford University, the Palo Alto post-office and the San Carlos depot were built . . . later, when the railroad was abandoned, about 1932, the county bought the right of way and made a highway of it now known as Camden avenue.

RECREATION Facilities now available in confined areas are identified with schools, according to a report to the planning commission by James Tomlinson and T. R. Solari which points out that within our city limits 77 acres of school property, 16 are at Campbell Union Grammar school, 31 acres for the high school and ten acres each for the Rosemary, Hamilton and the Cherry Lane schools, and of this area thirty acres are devoted to recreation facilities . . . there are firm plans, too, for a baseball diamond and a complete basketball court at Hamilton school, another 10 acres for the Dover School to open in September with 4 to 4½ acres devoted to recreation, another ten acres for the Monroe school with 4 to 4½ acres for recreation while at Campbell high school there are definite plans for a Little League ball diamond . . . since this is all for school use, the commission sees a future need for a public park with facilities open to people beyond school age levels—something which can be closely integrated with future plans for the downtown shopping areas and new civic buildings . . .

COME JULY and the city will have a new fire truck, so the wall will probably have to be removed so that two of the trucks can be set in tandem fashion and then there goes the meeting place for the planning commission and once in a while for the city council.

Campbell Club's Silver Tea Was A Great Success

Villa Montalvo made a perfect setting for the Silver Anniversary Annual Spring Tea as it was presented by the Women's Service Club of Campbell on May 6th. The musical program was planned by Mrs. LBen Howard, chairman, assisted by Mesdames R. Golden and E. R. Neale.

Mrs. Edith Eagan, alumna of San Jose State College, was excellent in her piano numbers.

Miss Gilda Mazzanti, accompanied by Miss Helen Pigaro, delighted all with her violin solos and encore.

Miss Clorinda Di Lonardo, accompanied by Mrs. Edith Van Rossem showed versatility as a soprano soloist.

Tea was served at beautifully arranged tables in the two dining rooms. Mrs. E. R. Kennedy, charter member, and Mrs. Charles Mitchell, president, poured at the table in the main dining room, which was arranged with pink flowers and candles. Mrs. W. N. Lloyd and Miss Winnie Grizzle, charter members, presided at the other table arranged with yellow flowers and candles.

The outstanding event of the afternoon was the presentation of a complete silver service by one of the charter members to the Service Club in honor of its founders, Mrs. E. R. Kennedy. This was the same service from which Mrs. Kennedy poured.

Sandwiches and sweet meats were served by members of the refreshment committee with Mrs. Earl Buck, chairman, assisted by Mesdames E. Nelson, H. Y. Rice, Franklin Blaine, Geo. French, L. E. Means and Chas Hancock.

MOTHERS' DAY OBSERVED BY THE BLUEBIRDS

A special Mother's Day program was held by the Cinderella Bluebirds, Friday, May 7, at the home of Mrs. Tomlin Mulford of Esther Drive.

A program "A Bouquet For Mother", was composed of song and dance numbers, and recitations by the Bluebirds. A corsage was presented to each mother by the bluebirds, which was undoubtedly the high-light of the program.

At their past meeting, May Day baskets were prepared for the Odd Fellows Home in Saratoga, and breakfast trays of the Palms Rest Home were decked with Easter Egg favors, made by the Bluebirds to add special cheer to the shut-ins on Easter morning.

CAMPBELL TRACK STARS LOOM AS SECTIONAL MEET EVENT WINNERS

The sports year is rapidly drawing to its close at Campbell high school. The Buccaneer baseball team plays its SCVAL season-closer against Santa Clara this afternoon and the track team has but two more days by competing in the North Coast Sectional Championships at Fremont tomorrow night and engaging Los Gatos in the yearly "Little-Big" track encounter on an unscheduled date, an engagement which was rained out earlier in the season.

The Wildcats have shown steady improvement all season and will be gunning for a possible final second place tie with Campbell High. The title was of course conceded to James Lick after they squeaked out that heartbreaker over the Bucs 62-60 two weeks ago.

Paul Farris' Wildcats have two of the SCVAL's ten top track stars. Ken Stryker's 53.0 in the 440 should stand as a season topper not to mention his great 20 feet, 4 inches, in the broad jump. Cline Armstrong is giving Bill Gregg a lot of competition having surpassed the Campbell behemoth with a shot put of 54 feet 8 inches and a discus heave of 144 ft. 1 inch in last week's competition.

The Buccaneer's "Big Six" will undoubtedly continue to include Gregg, even if he doesn't set a new SCVAL record in the shot or discus. Rod Sprecher's 15.7 leaves something to shoot for in the 120 yard high hurdles, and Olon Forrest is sure to surpass his already brilliant 5 ft 10 inches in the high jump. Campbell has the three top men in the conference in pole vaulting, Ron Sutterfield, Russ Camilleri, and Gary Hoover all having topped 11 ft., 6 inches.

Campbell won every first place but one last Friday when their Varsity trounced Washington of Centerville 105 1/4 to 18 1/2. Only in the pole vault were the Huskies able even to tie the Bucs for a first place. Bill Gregg won both shot put and discus for Campbell and Roy Hayward took all the sprint races. Davis's 55.2 in the 440 for the Bucs had everyone talking, and Casey Clark's 5:05.6 made him a long shot mile winner. The day was a complete sweep for the Bucs, their 130's winning 99 to 21; their 120's 60 to 22; and their 110's 62 1/4-13 1/4.

The Varsity summary follows:
100 yard dash—Haywood, Campbell 10.5
220 yard dash—Haywood, Campbell 23.6
440 yard dash—Davis, Campbell 54.2
880 yard dash—Beth, Campbell 2:06.8
1 mile run—Clark, Campbell 5:05.6
120 yard high hurdles—Sprecher, Campbell 15.8
140 yard low hurdles—Cureton, Campbell 16.0
Relay—Campbell 1:37.2

Frosh-Soph Nine Had Good Season

Behind every athlete stands a replacement. In a season renowned for its substitutions and makeshift lineups, the Campbell Baseball team has received a lot of publicity while its underlings on the Frosh-Soph nine continue to be hardworking nonentities. Finishing their season at Santa Clara this afternoon in a fight for fourth place, Coach Art Broadbent's stalwarts prove that Campbell can have some rough cut gems on its second string "diamond" too.

James Lick is "king bee" in their league, assured even before today's game against Mountain View, of a tie—and probably an undefeated season. Mountain View could move into a tie for the lead by beating the Comets, but in Julio Escamilla, Lick has the best pitcher seen on any S. C. V. A. L. team in eight years.

The Bucs have had a tremendous over-all season, winning seven and losing five against all competitors. In one game they looked like world-beaters, trouncing Los Gatos and scoring 15 runs on only 5 hits as the result of some fearless base-stealing.

In an exclusive CAMPBELL PRESS interview, Coach Broadbent summarized their season, "After all, we've had a successful season winning more than we lost and giving the boys some great experience in preparation for varsity ball next year. The Bucs were never completely out of a game. We never gave up until all were out in the ninth. Most important, everyone enjoyed himself remembering that baseball is, first of all, a sport. Our team fields as well as any high school outfit I've seen. Gary Trout, our first sacker, is a real prospect since he consistently hits over .400 and shows good action in speedy fielding. Our second base combination of Dave La Barbera on the hot corner and Don Kitamina at short proved to be dependable and sometimes surprisingly agile. Pete Castellanos, at third, really hit the ball the last two games. If the season were only beginning he'd probably outshine the league!"

But the backbone of our team is Jim Corbus, our sturdy catcher. He has an accurate throw to the bases and always stops even the wild throws. Nobody steals on him. He is cool. Only a freshman now, he's almost sure to make next year's varsity.

Our outfielders, John Magliocco, Mike Profit, Ralph Martinez and Joe Bautista have been great defensively all season. They may be weak hitters, but they can judge sluggers on other teams. Only three balls got away from them all season.

Roger Almquist has been accurately labeled our "meal ticket". His arm is not too strong but he thinks ahead and throws a fair curve. He deserved better hitting when he was ahead of our opponents. I'm looking forward to working with him and our other pitchers, Mike Browne and Al Zamora, who have shown steady improvement all season.

All these boys have had competent replacements when needed. Dwight Klassen is a sprightly second baseman and Abe Amura a dependable first-sacker. And Larry Beeson is the best bench jockey in the whole league!

Except for Gary Trout and his almost unbelievable .467 (seven hits and three runs for fifteen times at bat) hitting has been our weakness.

"Le Club Francais Vous Invite A Un Bal Costume, le 22 Mai 1954, l'orchestra de Dan Snow. . .". So read some very colorful invitations going out this week to friends of Campbell High School's French Club, under the leadership of Monsieur Ernest Pope.

The local secondary school has a strong foreign language department, offering Latin, Spanish, and French to four different grade levels. Christian Science Lesson-Sermon

That man can gain health, happiness, and immortality by relying on the spiritual facts of God and man taught by Jesus Christ will be emphasized at Christian Science services Sunday.

The Lesson-Sermon entitled "Mortals and Immortals" includes the account from the Bible of how Christ Jesus restored to life the only son of the widow of Nain (Luke 7:11-16).

Explaining the basis of Christ Jesus' healing power, the following passage will be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

Jesus never asked if disease were acute or chronic, and he never recommended attention to laws of health, never gave drugs, never prayed to know if God were willing that a man should live. He understood man, whose Life is God, to be immortal, and knew that man has not two lives, one to be destroyed and the other to be made indestructible" (369:16).

will participate. The discussion will be moderated by Lee Rodgers of Palo Alto.

Major H. E. Lillingston, president of the Campbell Assembly group, announced that all interested voters in the Campbell area are invited to attend.

"Speeders" speed up line patrolling. Many of Pacific Telephone's long distance lines must cross rugged country that's hard to reach on foot. But in cases where out-of-the-way lines parallel a railroad, telephone crews often patrol them in specially designed speeders like the one above. Summer or winter, these handy little vehicles click off mileage in a hurry, hustle men and equipment to make repairs when they're needed. By saving valuable time, they help us cut costs, hold down the price of telephone service. Pacific Telephone works to make your telephone a bigger value every day.
